

● AI-POWERED HEALTHCARE

MedOS

The AI-First Hospital Operating System that runs
your hospital smarter

Built by Haztech · Digital Innovation Agency
India & UAE Ready · ABHA / ABDM Compliant

THE OPPORTUNITY

Hospitals lose patients because of broken experiences

Every day, hospitals lose revenue and patients because of manual processes, long wait times, and zero digital engagement.

CURRENT REALITY

- ✗ 3-5 receptionists handling 100+ patients daily
- ✗ 30-60 minute wait with no updates
- ✗ Phone calls unanswered during rush
- ✗ Paper tokens, manual queues
- ✗ Doctors spend 30% time on paperwork
- ✗ No follow-up after visits
- ✗ Insurance verified after treatment
- ✗ Zero patient engagement

WITH MEDOS

- ✓ AI handles 80% of interactions automatically
- ✓ Real-time queue with wait predictions
- ✓ WhatsApp bot handles unlimited 24/7
- ✓ Digital tokens, smart priority queue
- ✓ AI pre-fills everything, one-tap workflows
- ✓ Automated reminders & re-engagement
- ✓ Insurance pre-verified before booking
- ✓ Full patient lifecycle management

IMPACT

Measurable results from day one

80%

Reception work
automated

60%

Wait time reduced

3x

Patient throughput

40%

Revenue increase

FEATURES

Everything a modern hospital needs

Each module works independently or together as a complete operating system.

WhatsApp AI Bot

Patients book appointments via WhatsApp. Bot detects language, finds doctors, confirms booking — all automated.

Self-Service Kiosk

Touch-screen at entrance. Patients check in with phone, ABHA, or token. No receptionist needed.

Smart Queue

Priority-based queue with real-time updates. Patients see position on WhatsApp. Auto-reshuffles on delays.

Doctor Dashboard

AI-generated patient briefings, one-tap prescriptions from 120+ medicines, lab orders, smart referrals.

Room Display + Voice

TV screen outside each room. Announces patients in 5 languages with beep sound. Auto-refreshes.

Medicine & Test DB

120+ medicines, 74 tests pre-loaded. Doctors search and prescribe in seconds. Admin manages inventory.

Referral System

Doctor refers patient with one click. Receiving doctor sees calendar, picks slot, gets full patient context.

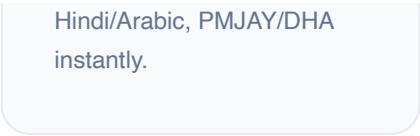

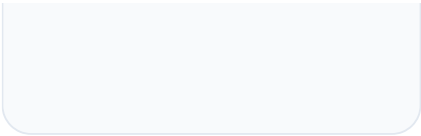

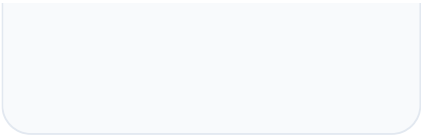

ABHA / Emirates ID

National health ID integration. Consent-based record sharing. ABDM and DHA compliant.

India + UAE Ready

One system, two modes. Switch between ₹/AED, ABHA/Emirates ID,

PATIENT JOURNEY

From WhatsApp message to follow-up — fully automated

1

Patient Messages on WhatsApp

"Hi, mujhe bukhar hai" — Bot detects Hindi, asks for details, finds the right doctor, shows available slots with wait times. Appointment confirmed in under 2 minutes.

2

Arrives at Hospital → Kiosk Check-in

Enters phone number or ABHA at the kiosk tablet. System recognizes them, shows token and directions. No receptionist interaction needed.

3

Waits with Real-time Updates

TV screen outside doctor's room shows queue. Voice announces next patient in 5 languages. WhatsApp sends position updates.

4

Doctor Consultation — AI-Assisted

Doctor sees AI-generated briefing: complaint, history, allergies, medications. One-tap to prescribe, order tests, refer. Complete in half the time.

5

Auto Bill → Insurance → Follow-up

Bill generated automatically. Insurance claim submitted. Medication reminders sent. Follow-up scheduled. Feedback collected after 2 hours.

How we compare

INVESTMENT

Plans for every hospital size

All plans include WhatsApp bot, kiosk, queue display, doctor dashboard, and full support. Custom pricing available.

	MOST POPULAR	
Starter	Professional	Enterprise
1–3 Doctors · Small Clinics	4–15 Doctors · Mid Hospitals	15+ Doctors · Large Hospitals
₹15,000 /month	₹45,000 /month	₹1,20,000+ /month
+ ₹25,000 one-time setup	+ ₹75,000 one-time setup	+ ₹2,00,000 one-time setup
✓ WhatsApp AI bot ✓ Patient registration ✓ Digital queue ✓ Doctor dashboard ✓ 500 patients/month	✓ Everything in Starter ✓ Multi-doctor referrals ✓ Insurance integration ✓ Room displays + voice ✓ Analytics dashboard ✓ ABHA integration ✓ 2,000 patients/month	✓ Everything in Professional ✓ Multi-branch support ✓ Custom modules ✓ Priority support ✓ On-site training ✓ Custom integrations ✓ Unlimited patients

UAE pricing available separately

Custom builds welcome — need a specific module or integration? We build it for you.

Pricing is on consultation basis — every hospital is different.

FLEXIBILITY

Fully customisable to your needs

White Label

Your hospital name, logo, colors, domain. Patients see your brand, not ours. Fully branded WhatsApp bot, kiosk, and displays.

Custom Modules

Need pharmacy management? Lab integration? Bed management? We build custom modules that plug into MedOS seamlessly.

Language Support

Currently supports English, Hindi, Marathi, Konkani, Arabic. Need Tamil, Telugu, Kannada, or any other? We add it.

Integrations

Connect with your existing lab equipment, pharmacy system, billing software, or insurance portals. API-first architecture.
